ABC continues to be world's largest sports membership organization

The American Bowling Congress continues to be the world's largest sports membership organization, even though its ranks slipped to 3,424,204 members during the 1986-87 season. That was a decrease of 172,592 from the 1985-86 membership.

4,030,902 men were needed to fill the 125,858 sanctioned men's and mixed leagues in the local associations throughout the United States, Canada, Puerto Rico and at military bases overseas, indicating many members participated in more than one league. This is referred to as "playing strength," which was considered as ABC's membership figure prior to the 1983-84 season.

For the first time in history, Michigan became the top membership state, passing New York for that honor. Michigan, which was fourth in 1981-82, jumped to third in 1983-84 and second in 1984-85. It had 288,795 members in 1986-87, compared with 285,976 for New York. Ohio, California and Illinois remained third through fifth with 254,066, 252,783 and 196,493 members, respectively.

However, California was by far the leader in leagues and teams with 12,011 and 139,795, respectively. New York was second in this area with 9,845 leagues and 111,523 teams. Michigan had 8,743 leagues and 108,754 teams.

The Greater Detroit Bowling Assn. retained the honor of being the largest local association with 114,091 members. The remainder of the top five stayed the same: Chicago Metropolitan, 68,917; Eastern Long Island, 39,539; Nation's Capital Area, 37,774, and Denver, 36,291.

There was some shuffling in the rest of the top 25 with Minneapolis District moving up a notch to sixth, Greater Milwaukee two positions to seventh and Buffalo one spot to ninth. Greater Cleveland and Greater St. Louis each dropped two positions to eighth and 10th, respectively.

"We appreciate the continued support we receive from the vast majority of men," ABC Executive Secretary Roger Tessman said. "However, we are concerned with the many bowlers who obviously are participating in our sport in non-sanctioned leagues and are not receiving the protection of the many ABC services.

"These men are bowling in leagues where prize funds are not protected, where their averages will not be recognized for other competitions and without protection of ABC rules which are created to solve problems they might encounter.

"ABC's many volunteers at the local level are dedicated to help their fellow bowlers in a variety of ways, including certifying lanes to assure the 'playing field' is the same throughout the country and they comply with the proper specifications.

"ABC's prime goal is service to its members and those who choose not to join our organization are not being protected in the manner bowlers should be protected. We would hope in the coming season that many of these individuals realize these benefits and again join ABC."

Wisconsin led the local association category with 189, while Minnesota and Iowa had 180 and 177, respectively. Rhode Island showed only one association, while Delaware had two.

With Greater Detroit being the largest association, the smallest with sanctioned leagues was in Belfield, N.D. where one league of four teams had 15 members. The average association size was 1,236 members.

Centers show increase in lane average

The American Bowling Congress certified 8,386 bowling centers with 156,294 lane beds during the 1986-87 season. While these were decreases from the previous season, the number of lanes per center increased by one-tenth to 18.6.

212 centers closed in the United States during the season, which was offset somewhat by the building of 77 new centers with 1,782 lanes and 19 others with 165 lanes being reactivated. 15 other centers added 138 lane beds. The average size increase indicates that smaller facilities were closed and replaced with larger, more modern ones.

8,031 of the centers were certified in the U.S. with 151,312 lane beds. The others were in Canada, Puerto Rico and military bases overseas.

THE CLASSIC

The Lind Classic is the leader in stock bowling shoes. It features all the quality that has made Lind's the overwhelming preference of bowlers. The Classic provides outstanding performance, comfort and style for the bowler who demands the best. Made to Lind's high standards: • Lind's Buckskin Slide Sole and Lind's own special rubber sole and heels. • Full Goodyear welt construction all around the shoe. • Full grain leather uppers and lining throughout. • Spring steel shank for arch support. • Sweat-proof insoles. No foam rubber or vinyl to trap moisture. • Wear-proof leather counter.

Linds®

Full range of sizes and widths. Right or left hand. Inquire for details.

Bowling's Latest ... A 2-Step Approach

Step 1. Volume I
Step 2. Volume II
of
Hall of Fame Bowler Don Johnson's Videos "A PRO'S GUIDE TO BETTER BOWLING"

VOLUME I (showing tips on timing, arm-swing, foot-work, grip, follow-through and much more) is **"one of the best of bowling lesson genre"** according to Bowlers Journal. Video Times gives it a ★★★ rating. Bowling Digest says Don Johnson is **"still one of the best at his craft."**

VOLUME II matches that quality with in-depth instruction on proper release of the ball: the new urethane release versus the old lacquer release; why tilt, revolution and rotation are essential—and other tips never before seen or written.

GUARANTEE: All tapes guaranteed for tape quality. If tape is defective, send it back within 2 weeks and we'll send you another at no cost.

THE CLASSIC PS

The Lind Classic PS allows bowlers who desire less slide to order a men's shoe from stock with the perforated Buckskin Slide Sole and grooved rubber heel. This sole and heel combination works especially well on slippery approaches. The Classic PS has the same quality features contained in the regular Classic shoe: full Goodyear welt construction; top grain leather uppers and lining; spring steel shank; sweatproof insoles; wearproof counter. The Classic PS is currently available only in men's sizes. Colors are solid Burgundy, or a 2-tone shoe, Dark Brown with a Bone toe, tongue and back stay.

Linds®

Night of lifetime results in Fiscal Year Award for Emerich

When David Emerich began bowling the night of June 22, he had never shot either an 800 series or 300 game. By the time he finished, he had accomplished both and much more.

The East Petersburg, Pa. resident achieved one goal quickly with a perfect game to open the Colonial Inn Classic Doubles league. He knew he had a chance at the other when he added 279 his second game.

But it wasn't until after striking in the first nine frames of his final game that he realized he was on his way to something really special. Three more strikes gave him yet another 300 and an 879 series.

That not only won him the American Bowling Congress Fiscal Year Award for the best individual series of 1986-87, it also tied him with Dick Brown of Central, Calif. for the third best series ever.

Scores from Aug. 1, 1986 until July 31, 1987 qualified for Fiscal Year Awards. The top three in each category received plaques while the remainder of the top 10 earned honorable mention.

"First of all, it was a match for first place in the league. We (he and partner Troy Lint) were in first place at the time and the team we were bowling (which included 1981 ABC Tournament singles champ Rob Vital) was in second place. It was just one of those nights where everything fell into place," said Emerich, 28, an office manager for an industrial supply house.

"The whole last game was a blur. I didn't realize I was shooting for a second 300 until the 10th frame. I was just hoping to get 800 and anything above that was gravy. It really didn't sink in until later. We bowl two three-game series and that was the first set. Part way through the second set, I began realizing what I had done."

What Emerich did was put himself within seven pins of the legendary Allie Brandt's record 886 series. However, his score wasn't even the best ever in Pennsylvania. In fact, it's only the second highest for a lefthander in Pennsylvania after John Wilcox's 885 in 1972.

In addition, Emerich and Lint, who had 740, took over third place for two man series with 1619. Less than two months later, however, they moved to fourth place when Joe Golden and Frank Hemberger of Oakland, N.J. shot 1642 on Aug. 10, 1987 in the Valley Lanes Monday Open Doubles league to take the all-time lead for two man series. That score will be eligible for the 1987-88 Fiscal Year Awards.

"It was the thrill of a lifetime. There's no doubt about that," Emerich said. "A lot of people have said I might as well retire. But I still have some goals. I'd like to shoot something like that again to prove it wasn't a fluke. I'd like to win the Lancaster County All-Star, and I'd like to win an event at nationals some year. There's nothing like winning at nationals.

"I still can't believe it at times. I've had unbelievable support from around here, even from people I don't know," he said. "The feeling is really special."

There are a number of others who are feeling special after winning 1986-87 ABC Fiscal Year Awards. Three other teams did so with record-setting efforts.

The Four Buds of Monsey, N.Y. changed the ABC Yearbook when the team rolled 1114 on Dec. 2, 1986. Christopher Knapp (300), John Knapp (288), Robert Forgatch (279) and Ron Rybarczyk (247) broke the old four man team game standard of 1088 set by Mr. Steak of Minot, N.D. in 1984.

Also falling was the four man team series mark. Pro Connection Pro Shop of Davenport, Iowa shot 3015 on Nov. 11, 1986 to top the previous record of 3006 set by Schaffner's of Bethalto, Ill. in 1981. James Gill topped Pro Connection with 792 followed by Craig Belowske (771), Gary Garnaas (749) and Lance Lorfeld (703).

The final record to change hands during 1986-87 was the five man team game. Concept III of Philadelphia rolled 1374 Feb. 5 to shatter the previous standard of 1365 set in 1982 by Edwards Concrete of Moscow, Pa. Both David Landis and Bryan Hunsicker had 300 games for Concept III. Dale Landis added 276 while Mitch Reifinger shot 259 and Phil Delp 239.

Fiscal Year Awards also were earned in five other categories.

Bob Perry and Mike Foti of Lodi, N.J. combined Aug. 27, 1986 for what was then a record 1639. Perry had 845 while Foti added 794 to wipe out what was the previous doubles record of 1635 set by Toby Contreras and Tim McClure of Kansas City in 1982. Both were topped by Golden and Hemberger.

Cardinal Travel of Oakland, N.J. topped all other five man teams with a 3671 series on Feb. 20. Ed Dericks led the way with 762 followed by Paul Petescola (751), Jim Winterfeld (752), Alan Bergren (748) and Kevin Gavron (658). The five man series record remains 3858 set in 1958 by Budweiser Beer of St. Louis.

Moore's Paint Supply of Dayton, Ohio posted the best three man team series with 2328 on March 4. Larry Frey's 838 led the team, followed by Ed Hounshell with 771 and Carl Parsons 719. Their score is the all-time fourth best. The top three man series is 2404 by Pinky's Lanes of Milwaukee in 1960.

Dan-Ru Leasing of Schenectady, N.Y. earned the Fiscal Year Award for three man team game with 834 on Jan. 6. Pete Dominic had 289, Norm Collins 279 and Nate White 266. All Event Trophies of Springfield, Ill. leads the three man game category with 868 achieved in 1986.

The final winner for 1986-87 is the team of George Andrews and Ed Bolcar of Allentown, Pa. with a 599 game July 8. Andrews had 300 while Bolcar had 299 as the duo fell just short of the record 600 set by John Cotta and Steve Larson of Manteca, Calif. in 1981 and by John Crimmins and Walter Schackett in 1933.

ABC awards record number of honor scores

Records were established in every honor score category during the 1986-87 season, with 16,132 award scores having been approved. The American Bowling Congress recognized 8,537 300 games, 3,928 299s, 2,023 298s and 1,644 800 series.

The previous records for all four honor score categories were established in the 1984-85 season with 6,978 300s, 3,367 299s, 1,695 298s and 1,359 800s. The 1985-86 season produced 6,467 300s, 3,066 299s, 1,602 298s and 1,158 800s.

Combine the 300s, 299s and 298s with the 6,534 11 in-a-row awards approved last season, and a total of 21,022 games with at least 11 consecutive strikes were sanctioned. The Congress rejected 220 300 games, 57 of both 299s and 298s and 46 800s.

In the 1976-77 season, just one decade ago, there were 1,375 300 games, 882 299s, 419 298s and 197 800 series. To add another perspective, the 1986-87 300 game total exceeds the 6,713 total in the 1976-77, 1977-78 and 1978-79 seasons combined.

The Congress presented 196,637 other awards last season, not counting those presented to league and tournament champions. The most came in the 700 series category where 59,806 were earned. Next came the 100 pins over average for a game, other than honor scores, with 36,743 and the 150 pins over average for a series with 33,987.

The other awards issued were: Triplicate, 27,865; Big Four (4-6-7-10), 3,751; 7-10, 3,454; All Spare Game, 16,396; Dutch 200, 3,775; Senior 75 Pins Over Average Game, 5,620; Senior 125 Pins Over Average Series, 3,237, and Award of Merit, 2,003.

FINANCIAL REPORT 1986-87

To the Board of Directors of American Bowling Congress:

We have examined the balance sheets of AMERICAN BOWLING CONGRESS (a Wisconsin corporation without capital stock and not-for-profit) as of July 31, 1987 and 1986, and the related statements of income and expenses and changes in fund balance and changes in financial position for the years then ended. Our examinations were made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. The summarized financial data for Bowlers' Building Corporation (BBC) contained in Note 2d are based on the financial statements of BBC which were examined by other auditors. Their report has been furnished to us, and our opinion, insofar as it relates to the data in Note 2d, is based solely on the report of the other auditors.

In our opinion, based on our examinations and the report of other auditors refered to above, the financial statements referred to above present fairly the financial position of American Bowling Congress as of July 31, 1987 and 1986, and the results of its operations and the changes in its financial position for the years then ended, in conformity with generally accepted accounting principles applied on a consistent basis.

Our examinations were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedules (Exhibits I and II) are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

(The accompanying notes to financial statements are an integral part of these statements.)

Notes to Financial Statements

1. Corporate Organization

The American Bowling Congress (ABC) is a service oriented sports organization formed to adopt and enforce uniform playing rules and conditions for the sport of American Tenpins. It provides programs and services to its membership for their participation in organized bowling and encourages the creation and development of events for amateurs. The goal of ABC is to promote, foster the integrity of, and enhance the enjoyment of tenpin bowling.

2. Summary of Significant Accounting Policies

(a) Method of accounting —
The books of account of ABC are maintained on the accrual basis, except for certain membership dues.

(b) Property and equipment —
The cost of property and equipment acquired is depreciated using the straight-line method of depreciation. Tournament equipment is depreciated over an eight-year life and office furniture and equipment over five to ten years.

(c) Membership dues recognition —
Membership dues are recognized when remitted, the majority of which are received during the first eight months of the fiscal year. A portion of the membership dues received is allocated to magazine revenue and advertising. This revenue relates to magazine subscriptions issued to each ABC league and is based upon one-half of the full subscription price. A summary of the dues allocated is as follows:

	Year ended July 31, 1987	Year ended July 31, 1986
Total membership dues received	$8,465,283	$7,236,236
Dues allocated to magazine revenue	211,504	220,936
Net membership dues	$8,253,779	$7,015,300

(d) Investment in Bowlers' Building Corporation —
ABC's investment in Bowlers' Building Corporation (BBC) is accounted for using the equity method. BBC holds title to the land and building utilized by ABC as its national headquarters. Summarized financial information for BBC for fiscal 1987 and 1986 is shown below:

	As of July 31, 1987	As of July 31, 1986
Cash	$ 7,411	$ 1,678
Receivables	4,657	—
Prepaid expenses	—	417
Property and equipment (less accumulated depreciation)	3,812,783	3,936,140
Total assets	$3,824,851	$3,938,235
Accounts payable	$ 4,025	$ 16,079
Real estate tax accrual	127,250	119,250
Equity —		
American Bowling Congress (ABC)	1,846,788	1,901,453
Women's International Bowling Congress (WIBC)	1,846,788	1,901,453
Total liabilities and equity	$3,824,851	$3,938,235

	Year ended July 31, 1987	Year ended July 31, 1986
Operating expenses	$410,353	$656,105

(e) Fund balance —
The fund balance is composed of two separate funds, the operating and the tournament, detailed below:

	Operating	Tournament	Total
Balance, July 31, 1985	$8,231,915	$545,389	$8,777,304
Net income (loss)	(1,220,266)	253,753	(966,513)
Balance, July 31, 1986	7,011,649	799,142	7,810,791
Net income	704,481	129,156	833,637
Balance, July 31, 1987	$7,716,130	$928,298	$8,644,428

The Finance and Budget committee of ABC designates portions of the operating fund for specific purposes. At July 31, 1987, the operating fund consists of the following:

Designated funds —	
Advertising program development	$ 120,000
International bowling activities	250,000
Operations	930,000
	1,300,000
Fund balance not designated	6,416,130
Operating fund balance	$7,716,130

(f) Investments —
Investments are stated at cost which approximates market. Summarized investment data is shown below:

	As of July 31, 1987	As of July 31, 1986
Operating fund	$4,941,950	$3,625,065
Advance tournament deposits	933,314	673,724
Restricted for tournament equipment replacement and other tournament activities	958,000	935,205
Accrued interest receivable	18,593	20,015
	$6,851,857	$5,254,009

Reservation money is collected for the next year's National Tournament. Amounts received and any interest earned are both deferred as the funds are to be used exclusively for next year's tournament.

3. Income Tax Status

The Internal Revenue Service has issued a determination letter dated Aug. 4, 1986, granting ABC an exemption from Federal income taxes under IRS Code Section 501(c)(3). ABC also is exempt from State of Wisconsin income taxes.

4. Pension Plan

ABC employees are covered under the ABC Retirement Plan. Prior to 1986, ABC's policy was to fund pension costs accrued. Beginning in 1986, ABC's policy was to fund the minimum required contribution as determined by the actuary. The total pension expense was $222,047 and $221,247, of which $27,219 and $26,550 was charged to the Young American Bowling Alliance, Inc. in fiscal 1987 and 1986, respectively. A summary of selected plan information as of Oct. 1, 1986, the date of the latest actuarial valuation, is set forth below:

Present value of accumulated plan benefits:	
Vested	$3,495,028
Nonvested	151,805
Total	$3,646,833
Net assets available for benefits	$5,296,226
Actuarial cost method	Frozen Entry Age
Investment return assumed	8%

Under the provisions of Statements of Financial Accounting Standards Nos. 35 and 36, the actuarial present value of accumulated plan benefits reflects employee salaries earned to date and does not consider the impact of future salary increases from inflation or otherwise. Plan assets exceed the above-described actuarially computed present value of accumulated plan benefits primarily because ABC's funding policy, in accordance with the recommendations of ABC's actuary and commonly recognized funding techniques, considers such future salary increases.

5. National Bowling Hall of Fame and Museum, Inc.

On March 27, 1981 during the ABC National Convention, the delegates approved and ratified a resolution stating that the ABC, along with the WIBC, would guarantee the continuation of the National Bowling Hall of Fame and Museum, Inc. (NBHF&M) operations for a period of 10 years. Accordingly, this guarantee has been carried out in the form of advances by ABC and WIBC to NBHF&M. During 1987, the ABC and WIBC, along with AMF, Inc., Brunswick Corporation and the Bowling Proprietors' Association of America (BPAA) each pledged $25,000 for fiscal 1988 to the NBHF&M to help finance operations. After the consideration of the reduction in NBHF&M's anticipated operating loss due to the aforementioned agreement, ABC's fiscal 1988 budget indicates an additional loan of $55,000 will be required to finance NBHF&M operations for that year.

Also, in 1986 prior borrowings of NBHF&M (for the construction of the National Bowling Hall of Fame and Museum) were repaid by additional ABC and WIBC advances. In 1987, all advances were secured by a mortgage on the property in favor of ABC and WIBC.

The notes receivable from the NBHF&M are interest-free and have a due date of July 31, 1987, unless extended by ABC. Management's intent is to not call for payment at the due date of the notes, unless NBHF&M has the financial ability to repay. Formal extension of the notes is planned. Since collection is not anticipated at this time, the notes have been fully reserved for by charges to expense of $49,000 and $1,119,500 in 1987 and 1986, respectively.

6. Note Receivable from Young American Bowling Alliance, Inc.

The note receivable from the Young American Bowling Alliance, Inc. is interest-free and had a due date of Aug. 1, 1987, which was subsequently extended to Aug. 1, 1988. A $10,000 payment was received in fiscal 1987. It is management's intent, however, to not call for payment on the remainder of the note, and formal committee action extending payment terms is planned. Since collection of the note is not anticipated at this time, the note has been fully reserved.

7. Line of Credit

ABC has a bank line of credit arrangement in the amount of $500,000. There are no compensating balance arrangements. There were no borrowings under this line at July 31, 1987, or during the two years then ended.
